Dear Friends,

As we close out the Stamford Senior Center’s 2019-20 fiscal year, we reflect back on the past year that began with our Senior Olympic games, multi-cultural celebrations, and a multitude of health and wellness and lifelong learning programs to keep our older adults active and healthy in both mind and body.

On March 12, 2020, COVID-19 brought all of that to an abrupt halt when we suspended our onsite programs and the entire state shut down. However, the SSC never closed.

The “Senior Center without Walls” model was launched – borne out of this pandemic – with a full array of online and virtual offerings. Large celebrations like our Saint Patrick’s Day lunch, Cinco De Mayo Celebration, and others, were replaced with themed drive-through lunch events as a way to see our members, allow them to leave the confines of their home for a short while, and enjoy a meal while remaining safe in their cars. Our congregate lunch program that served an average of 50 seniors per day was replaced with home delivered meals to keep seniors nourished while sheltering safely at home. Our large array of fitness and lifelong learning classes moved online to Zoom and YouTube so that our members could stay engaged and active during this period of social isolation.

Stamford Senior Center Board of Directors

While the future remains unclear as this pandemic rages on, one thing we do know is that our mission has not wavered. We are fully committed to doing everything we can to support our senior community and help them get through this pandemic and come out stronger on the other side. Together, we will get through this and we will re-open our doors to welcome back our members.

Until then, our work continues, thanks to your generous support. Please follow us on Facebook @stamfordsc and on Instagram @Stamsenctr to stay in touch with our efforts during this time. Stay well and stay safe.

Kindest Regards,

Christina Crain, MSW
